

WENCE BENIEREM S. TONGOL

CRM Developer | Bachelor of Science in Information Technology

Minalin, Pampanga | 0930 751 9702 | tongolwey@gmail.com | wencebenieremtongol.vercel.app

PROFESSIONAL SUMMARY

CRM Developer focused on business-process automation, workflow maintenance, and Application Programming Interface (API) integration testing. Experienced in building and maintaining Zoho Customer Relationship Management (CRM) automations using Deluge scripting and Zoho Writer templates, developing custom Model Context Protocol (MCP) connectors on Microsoft Azure and other Software-as-a-Service (SaaS) platforms, and integrating Microsoft Graph and Microsoft Purview eDiscovery via RESTful Application Programming Interfaces (APIs) with secure OAuth 2.0 authentication. Skilled in testing and validating APIs using Postman, EcoHub, and PowerShell, and in producing clear technical documentation. Also contributes to IT Helpdesk support.

TECHNICAL SKILLS

Frontend Development: HyperText Markup Language (HTML), Cascading Style Sheets (CSS), JavaScript, ReactJS, Tailwind CSS

Backend and Automation: PHP: Hypertext Preprocessor (PHP), NodeJS, Zoho Deluge, C#

Databases and Tools: MySQL, MongoDB, Zoho Customer Relationship Management (CRM), Zoho Writer, Postman, PowerShell, EcoHub

Core Strengths: Problem Solving, Troubleshooting, Leadership, Documentation, Team Collaboration

EXPERIENCE

CRM Developer Associate

Manentia Enterprise Support PH Inc. | June 2026 - Current

- Build and maintain automated workflows and integrations in Zoho Customer Relationship Management (CRM) using Deluge scripting and Zoho Writer templates for report and proposal generation.
- Developed and maintain custom Model Context Protocol (MCP) connectors on Microsoft Azure, integrating Microsoft Graph email search and Microsoft Purview eDiscovery with secure app-only OAuth 2.0 authentication and audit logging.
- Test and validate RESTful Application Programming Interface (API) integrations using Postman, EcoHub, and PowerShell, including OAuth token handling, payload validation, and request/response checking.
- Built and tested a FIX 4.4 order-routing connectivity system (Python) conforming to a private bank's FIX Rules of Engagement, including production engine evaluation (QuickFIX/J vs. quickfix), resilience and recovery, mutual-TLS transport, and an automated test suite validated end-to-end against a FIX simulator.
- Contribute to IT Helpdesk support by resolving assigned tickets as needed.

Information Technology Intern (On-the-Job Training)

Manentia Enterprise Support PH Inc. | Feb 2026 - May 2026

- Created and revised Zoho Writer templates for Financial Planning Report (FPR) automation and Investment Proposal generation.
- Developed and tested Deluge functions that mapped Zoho Customer Relationship Management (CRM) data into automated report and proposal outputs.
- Worked on Investment Proposal automation for six providers, including provider-specific templates and Deluge functions.
- Troubleshoot Zoho Writer layout issues such as limited chart configuration options, page breaks, and blank pages through repeated testing.

- Supported Application Programming Interface (API) integration testing using EcoHub, Postman, and PowerShell, including payload validation and request/response checking.

PROJECTS

VistaVR Capstone Project

Unity and C# | Capstone Project

- Developed a mobile-based Virtual Reality (VR) eye testing application using Unity and C# with a Virtual Reality (VR) box for digital vision assessments.
- Implemented visual acuity, color blindness, and astigmatism tests with voice recognition for hands-free interaction and result recording/printing.

Personal Portfolio Website

ReactJS and Tailwind CSS | Web Project

- Designed and developed a responsive dark-themed portfolio website to showcase technical skills, projects, and professional background.
- Website: <https://wencebenieremtongol.vercel.app/>

EDUCATION

Bachelor of Science in Information Technology

Pampanga State University | 2022 - 2026

Junior and Senior High School

Assumpta Technical High School | 2016 - 2022

Primary Education

San Isidro Elementary School | 2010 - 2016

CERTIFICATIONS

Palo Alto Networks: Cybersecurity Fundamentals; Network Security Fundamentals; Cloud Security Fundamentals; Security Operations Fundamentals

Cisco Networking Academy: Introduction to Internet of Things (IoT) and Digital Transformation
